**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want to continue having a rich ecosystem of local providers for broadband access.

I use a local provider for my home and my small business, and prior to a local fiber supplier in my city, I was stuck between only two options -- Comcast and AT&T -- with very high prices and very low customer service. I now have a faster-speed connection for a lower price with excellent customer service. I want all Americans to have the same fast access, and affordable prices, and I want local competition to make existing incumbent companies stronger.
